SECURITY INFORMATION

11 April 1952

MEMORANDUM FOR: Deputy Director (Administration)

FROM : Comptroller

SUBJECT : Proposed T/O's for [REDACTED]

25X1A8a

25X1A8a

1. The attached proposed T/O's for the above subject organizational units of OSO have been given only a cursory review. Therefore, this Office is only giving a preliminary approval to the present proposal, subject to an overall review and approval of the entire merger as finally conceived to assure that it does not exceed the position allowance and average salary permissible under the Bureau of the Budget approval for Fiscal Year 1953.

2. It is noted that ten (10) new additional positions are involved. It only seems logical that when the entire consolidation or merger is consummated that there should be an overall savings to the Agency in the number of positions required to perform the various duties on a consolidated basis.
